

Northwood Deliberative Sessions (2016)

Moderator: Hal Kreider

Unless changed by the voters present at the meeting, the following processes / procedures will be used in our deliberative sessions:

Participants

Every person who wishes to participate in the meeting must be a registered voter, be checked in and have a ballot sheet.

If requested by a registered voter, Individuals who are not registered voters may also speak, but only to provide information / expertise.

Participant Interaction

No one speaks unless he / she has the floor

No one may have the floor without being recognized by the moderator

The ONLY exception to the above is to raise a Point of Order

Every speaker must use a microphone when he / she speaks

For the benefit of the Moderator and the Body, the Speaker must clearly state name before speaking

All speakers must remain "on topic"

Everyone gets a chance to speak before someone gets to speak a second time

When speaking a second time, you are expected to raise new points / provide new info

You will lose the floor if needlessly repetitive

You may not make comments AND move to end discussion on the same turn

All speakers must be courteous

Personal attacks or inappropriate language will not be tolerated

The Moderator will request that disorderly people be removed from the meeting

Meeting Agenda and General Process

Primary purpose of the meeting is to consider all the Articles on the Warrant

Order of consideration is based on the order of the Articles in the Warrant, unless modified by the body

We will follow a simplified meeting process – Move, Discuss, (Amend), and Vote

One amendment at a time; no amendments to amendments or other complications

Other Meeting Rules / Procedures

Voting will be by show of the full ballot sheet

On close votes Moderator will request a count

Voting by secret ballot may be requested on any vote

Request must be in writing and signed by 5 voters who are present

Request must be received prior to the end of discussion

The Moderator will not vote during the deliberative session

By majority vote, the body can overrule any decision by the Moderator

Begin process to do so by raising a Point of Order

If there is something you do not understand about how the meeting is being conducted, please ask

If there is something you want to accomplish but do not know how, please ask

Article will then be open for discussion to all

All questions / comments directed to the Moderator
