**Fire Rescue:** Below is an outline of the happenings at the Fire Department this week:

1. We had a very successful trip to the 4-guys factory and completed a final inspection of the new truck. Currently the new truck is in Pelham NH for dealer prep and will be arriving in Northwood soon.

2. Our ambulance revenue for the month of August is down. We generated $7,961 in the month of August. A little bit of an anomaly this month in that the billing company only pull our calls for billing once a week. So, this means there are currently 15 calls from August that will not be billed until September 2,2021.

3. For the year our ambulance billing is in good shape. During our last budget season, we anticipated $90,000 in ambulance revenue for the year. With August collections we have collected $93,000 and still have 4 months left in the year.

4. This month I compared our mutual aid calls and compared them to last year. Our mutual aid number have nearly opposite of 2020.
   a. 2020 Mutual aid received 54
   b. 2020 Mutual Aid Given 39
   c. 2021 Mutual aid Received 39
   d. 2021 Mutual Aid Given 57

5. As you may know we have been struggling to get our explorer post up and running again. One of our newest call firefighter Mike McGinn has agreed to take the lead on this effort. Mike got his start in the fire service as an Explorer in Pelham and Salem NH. I would like to thank Mike for taking on this task.

**Northwood EMD’s report for week prior to 08/30/21**
1. Emergency Management continues to monitor Covid-19 cases within Northwood and surrounding towns. Northwood currently has 12 active cases and is averaging 2 to 3 new cases a day. Northwood’s fully vaccinated population is now at 51.5%. Statewide hospitalizations continue to rise. Northwood and all surrounding communities show substantial rates of transmission based on their population and a 14-day summary of new cases added.

2. EMD and TA met last week with the school superintendent to begin discussions on a sheltering MOU, generator acquisition for shelter use and completion of the school’s Continuation of Operation plan (COOP). EMD is to meet with the Northwood School Facilities Committee to work out details on sheltering and generator acquisition.

3. Delta is now the principal variant detected. Mask wearing is advised for all in-door events. A number of “vaccine breakthrough” cases have been reported locally.
4. BOS approved and signed Northwood’s EMP Grant for updating our town Emergency Operations Plans. AG and Governor’s Council will sign off in early September. EMD and TA will work to find matching funds in current budget. Department Heads are encouraged to begin reviewing their roles in a town or state-wide emergency. The library should begin exploring its role in Northwood’s emergency preparedness to enhance eligibility for an EMP Grant toward its generator.

5. Department Heads and staff are reminded to be vigilant as Primex and the Department of Safety have recognized a number of varied scams directed at municipalities and the public. SAU and town have returned to using paper checks. Of concern are telephone calls regarding NH-DHHS and Eversource. Verify sender’s email address on any requests for funds or information per our town’s cyber security guidelines.
