

2002 Northwood Town Report

FOR THE YEAR ENDING DECEMBER 31, 2002

The Town of Northwood and Coe-Brown Academy have worked together to involve the students in the town report process and to encourage pride in their community. The photography students at the academy are asked to submit their work for consideration for the cover of the annual report. After the artwork is received, an article is placed in a local newspaper encouraging residents to visit the town hall and view the artwork and submit their recommendation for which piece should grace the cover.

The winning piece for this year's town report was submitted by

Colleen Kent and is entitled "Shadows."

Congratulations Colleen!

We would also like to thank Coe-Brown Academy for their participation and Mr. Scott Chatfield, Coe-Brown Art Instructor, for submitting the pieces.

Northwood Annual Town Meeting Minutes – March 16, 2002

Moderator Robert Robertson rapped the meeting to order at 9:00 a.m. at Coe-Brown Northwood Academy in said Northwood. The local Girl Scout troop opened the meeting with the presentation of the flag and the salute. They then did a presentation on Old Glory. Following the flag ceremony, Selectman Scott Bryer made five formal presentations of plaques. Sarah Cummings received one for the cover of the 2001 Town Report. Sandra Priolo received one for 20 years as a Fire/Rescue EMT. Scott Martin received one for his participation on the Planning Board from 1989 through 2002. Winnie Young received one for her participation on the Conservation Committee from 1989 through 2002. A plaque was presented to Mrs. George Rogers for her husband's years of service to the Town of Northwood. Selectman James Hadley then presented Steve Fournier, the newly hired Administrative Assistant.

Moderator Robertson then read the results of Tuesday's election. He also stated that notices would be placed in the Concord Monitor, Fosters and Suncook Sun requesting letters from parties interested in participating on the Committee looking into the withdrawal the SAU. He then inquired whether the audience would allow Chief D'Allesandro and Officer Crockett from the Northwood Police Department to speak during the course of the meeting, where they were not Northwood residents and it was confirmed that they would be allowed to speak.

Ms. Jean Lane moved and Kevin Madison seconded the dispensing of the reading of the entire warrant prior to taking up Article #1. It was unanimously agreed to take up each article in turn rather than reading the entire warrant. The Moderator then announced that if a secret ballot was to be requested during the course of the meeting, according to statute the written request needed to be signed by 5 registered voters, prior to the voting, that the request could be withdrawn prior to the actual vote being taken, but that the entire warrant could not be addressed as one request. It would need to be taken up one article at a time. He stated to Mr. Faiella that the Secretary of State's office had confirmed that each article needed to be taken up individually, and that the Moderator was not able to group the entire warrant with just one request.

ARTICLE #1: Selectman James Hadley moved and Selectman Bryer seconded to see if the municipality would vote to change the purpose of the Ambulance Capital Reserve Fund held by Trustees of the Trust Funds to the Fire/Rescue Department Vehicle Capital Reserve Fund. Selectman Bryer moved and Richard Corning seconded to amend this article by adding "30% of each year's receipts to be designated for ambulance replacement." Chief Ashford stated that he was behind the amendment, and Mr. Corning stated the Rescue Department was also in support of the amendment. After some discussion, the amendment was voted, with a show of cards, 134 in favor and 2 opposed.

The amended article was then discussed. Mr. Turner asked how the distribution of the 30% would be handled, and the Chief stated that all funds would go into one fund, but that a minimum of 30% would always remain as ambulance funds. Mrs. Bailey asked whether this 30% allocation applied to the \$57,000 already being held in the fund, and Selectman Hadley stated he would need to check with the DRA. Virginia Dole expressed concern that the 30% would not be enough for an ambulance, but the Chief stated that the fund would not be allowed to run to zero, and that enough money was coming in to the fund each year to cover the purchase of an ambulance. The vote was taken by paper ballot because of the 2/3rd-vote requirement. The result was 135 in favor, 15 opposed, the article passed as amended. With a show of hands, the article was restricted to further reconsideration.

ARTICLE #2: Selectman Bryer moved and Mr. Rundgren seconded to see if the municipality would vote to raise and appropriate the sum of **Fifty-eight Thousand Ten Dollars and Sixty-six Cents (\$58,010.66)** to be added to the Fire/Rescue Department Vehicle Capital Reserve Fund held by the Trustees of Trust Funds. This is the same amount received by the Town from

ambulance billings during the year 2001, which receipts have been deposited into the Special Ambulance Replacement Fund. This appropriation was to be funded by withdrawal from the Special Ambulance Replacement Fund (revenue balance). Marcia Tasker asked if an indication of the 30% voted in Article 1 needed to be referenced in this article, and Selectman Knox stated that it was not needed because this was just to authorize putting the \$58,010.66 into the fund. With a show of cards, the article passed.

ARTICLE #3: Selectman Knox moved and Selectman Bryer seconded to see if the municipality would vote to raise and appropriate the sum of **Three Hundred Dollars (\$300.00)**, to be added to the Cemetery Improvement Expendable Trust Fund previously established, and to fund this appropriation by the withdrawal of that amount from the surplus remaining in the unexpended fund balance as of December 31, 2001. This amount was equivalent to the amount received by the town for the sale of cemetery lots in the year 2001. Once moved by Mr. Sargent, there was a unanimous vote with show of cards.

ARTICLE #4: Selectman Knox moved and Mr. Sargent seconded to see if the municipality would vote to create an expendable general fund trust fund under the provisions of RSA 31:19-a, to be known as the Lagoon Maintenance and Repair Fund, for the purpose of maintaining and repairing the septage lagoon, naming the Board of Selectmen as agents to expend from this fund. Selectman Knox explained that this would be a new fund held by the trustee of trust funds. With a show of cards, the article passed.

ARTICLE #5: Selectman Knox moved and Mr. Sargent seconded to see if the municipality would vote to raise and appropriate the sum of **Fifteen Thousand Sixty-five Dollars and Eighty-seven Cents (\$15,065.87)** to be placed in the newly created Lagoon Maintenance and Repair Fund, and to fund this appropriation by the withdrawal of **Fifteen Thousand Sixty-five Dollars and Eighty-seven Cents (\$15,065.87)** from the Lagoon Fee Fund, held by the Treasurer. Mary Faiella asked if at present the fund could be used for other things and Selectman Knox said it could only be used for lagoon repairs. The article carried.

ARTICLE #6: Mr. Sargent moved and Selectman Knox seconded to postpone indefinitely Article 6 which was to see if the municipality would vote to raise and appropriate the sum of **Four Thousand Dollars (\$4,000)** for the purpose of testing, and treating the lagoon and monitoring wells at the septage lagoon located at the disposal area, and to fund this appropriation by authorizing the withdrawal for this purpose of **Four Thousand Dollars (\$4,000.00)** from the Lagoon Fee Fund, established under RSA 31:95-c in 1990. As this article was no longer necessary because of action taken on the previous articles, by unanimous vote the motion carried.

ARTICLE #7: Selectman Knox moved and Janet Clark seconded to see if the Town would vote to adopt the provisions of RSA 202-A:4-d authorizing indefinitely, until specific rescission of such authority, the Library Trustees to accept gifts of personal property, other than money, which may be offered to the library for any public purpose, provided, however, that acceptance of personal property by the Library Trustees would not be deemed to bind the Town or the Library Trustees to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of such property. Ms. Clark explained that this would be for the purpose of accepting small items, etc. By unanimous vote the article passed.

ARTICLE #8: Selectman Bryer moved and Mr. Sargent seconded to see if the municipality would vote to raise and appropriate the sum of **Ten Thousand Five Hundred and Ninety-five Dollars (\$10,595.00)** for the third year's payment for the five year lease/purchase agreement for the new Highway backhoe/loader purchased in 2000. There was no discussion, and the article passed unanimously.

ARTICLE #9: Selectman Bryer moved and Lucy Edwards seconded to see if the municipality would vote to raise and appropriate the sum of **Twenty-one Thousand Four Hundred Thirty-two Dollars and Eighteen Cents (\$21,432.18)**, received as cable TV franchise fees in year

2001, to be deposited in the previously established Cable Expendable Trust Fund under the provisions of RSA 31:19-a, and to fund this appropriation by authorizing the transfer of that amount from the expended fund balance as of December 31, 2001. Mr. Sargent pointed out a typographical error in the above article, and that the word "expended" and should be changed to "unexpended". This change was made. Mr. Turner pointed out that there was currently around \$20,000 in this fund. The vote was taken and the article passed unanimously. Selectman Knox stated that the meeting was being videotaped and that it would be broadcast at a later date on the Northwood information channel, Channel 25.

ARTICLE #10: Selectman Knox moved and Mr. Sargent seconded to see if the municipality would vote, as provided under RSA 231-63, to require the Road Agent, in addition to his usual duties to have charge, under the direction of the Selectmen, of supervision of the Transfer Station/Recycling Center, grounds maintenance of all town-owned buildings and beaches. Much discussion followed as to the transfer station and its operation, and the fact that the new building was set up to be run mainly by volunteers, and that one valuable volunteer was no longer working the building and that there was a need for more volunteers. Road Agent Wilson stated that he currently does work for the transfer station and that this would just formalize that operation. Selectman Knox referred to Article 13 and the addition of another person under this department to assist with this added responsibility. Mr. Witham stated that he was very much against adding an employee with benefits and that he would recommend going to contracted services. Mr. Ellis Ring inquired whether the Town would be maintaining the sidewalks recently installed and Selectman Hadley responded that these were State right-of-ways and that because Coe-Brown was not currently using the parking lot at the church for its students, this was not an issue. After more discussion the question was called, and with a show of cards, the article carried, 79 in favor and 70 opposed.

Mr. Hadley moved and Mr. Sargent seconded to restrict reconsideration of Article 10, and it was amended to be all articles up through Article 10. This motion carried.

ARTICLE #11: Selectman Hadley moved and Selectman Knox seconded to see if the municipality would vote to raise and appropriate the sum of **Thirty-seven Thousand Two Hundred Seventy-five Dollars (\$37,275.00)** for the purpose of beginning an assessing plan to bring the town into compliance with the new standards required for property appraisal, to permit State certification in 2005. Selectman Bryer moved to amend this article and Selectman Knox seconded, by adding at the end of the article the following: "This would be a non-lapsing appropriation under RSA 32:7-V, and would not lapse until December 31, 2003." Mr. Hadley stated that the amendment was based on the fact that DRA has not established policy and the selectmen did not want to make a commitment to spend these funds until they were certain what the State will require. Mr. Madison inquired if this was a State mandate, and if so would they be funding. Mr. Hadley stated that it was ongoing and that the State was allowed to do this without funding. He stated there was a plan for appropriating some money in this session. When asked by Ms. Planchette the purpose of this appropriation, Mrs. Knox stated it was needed to start verifying what is on our tax records and that it was correct. Ms. Bailey asked who would be responsible for holding this money and Mrs. Knox stated that the Treasurer would be responsible for it. James Ryan asked if this was all the funding that would be required and Mrs. Knox stated that this would merely be the first year's requirement and that each year they would be asking for more funds. Mr. Reggie Sweet asked if this was for paying someone to do the work, and Mr. Hadley stated that this would allow the development of a request for proposal (RFP) and to pay those people who are awarded the bid. At this point the Amendment was moved and passed and with no further discussion, the amended article was moved and by show of cards the motion carried.

ARTICLE #12: Selectman Hadley moved and Selectman Bryer seconded to see if the municipality would vote to raise and appropriate the sum of **Thirty Thousand Dollars (\$30,000)**, for the purpose of Special Duty coverage provided by the Northwood Police Department. This amount is to be reimbursed by the persons/companies that require this coverage. Mr. Hadley explained that this article merely separated out funds for special duty from the general budget, to

keep the funds separate. Ms. Faiella asked if there was any impact on the tax rate and was told there was not. With a show of cards the article passed.

ARTICLE #13: Selectman Bryer moved and Mr. McNally seconded to see if the municipality would vote to raise and appropriate the sum of **One Million Eight Hundred Thirty-nine Thousand Five Hundred Eighty-eight Dollars (\$1,839,588.00)** which represented the operating budget. Said sum would not include special or individual articles addressed. Mr. Sargent asked to amend by stating that no more than 15 minutes discussion would be allowed on this article and no more than 2 minutes per person. Mr. Edwards seconded. The amendment was defeated. Mrs. Knox stated that this operating budget was \$39,375 lower than the operating budget of the previous year, and that the overall bottom line budget was \$209,245.60 lower than last year's town bottom line budget. Mr. Witham then requested to amend the budget of the road agent from \$128,862 to \$87,889.54. He stated again his desire to eliminate the second laborer and to go back to contracted services. Mr. Hadley reminded that even though a request is made to reduce a particular area of the operating budget, the Board had the right to increase/decrease within the budget, not only on the lines the public were addressing. There was then much discussion over the confusion of the "impact on taxes" figures printed in the warrant. Mr. Hadley explained that these figures were included to show that if the starting point was \$0.00, each of these items would be added, so that as printed, the total of this new budget was \$4.00, and the previous year's total had been \$4.38, or a decrease of \$.38 over last year's budget. Mr. Witham then withdrew his suggested amendment because he felt it would not be fair for the Board to take the decrease out of a line that was not intended to be reduced by the amendment. After some further discussion the article was moved and with a show of cards, the article passed.

Mr. Hadley moved to restrict reconsideration of Article 13, and his motion was seconded, and carried.

ARTICLE #14: Selectman Hadley moved and Selectman Knox seconded to see if the municipality would vote to raise and appropriate the sum of **Four Thousand One Hundred Fifty-five Dollars and Sixty-seven Cents (\$4,155.67)** to be added to the Transfer Station Expendable Trust Fund, established in 2001 under RSA 31:19-a and to fund this appropriation by authorizing the withdrawal of that amount from the surplus remaining in the unexpended fund balance as of December 31, 2001. This amount is equivalent to the amount received by the town from the sale of recyclable materials received at the Transfer Station. After little discussion, the article was moved and carried with a show of cards.

ARTICLE #15: Selectman Bryer moved and Selectman Knox seconded to see if the municipality would vote to raise and appropriate the sum of **Seven Thousand Dollars (\$7,000.00)** to be added to the Police Equipment Capital Reserve Fund, established in 2001 under the provisions of RSA 35:1, and held by the Trustees of Trust Funds. Mr. Bryer asked Chief D'Alessandro to explain what this fund was for. The Chief explained that it was to purchase Digital Radios and such. He stated that these were necessary in order to communicate with the State Police, because currently they were still able to communicate, but once the State Police went entirely to digital, they would not be able to without digital radios in the cruisers. Mr. Turner asked if there was currently enough to purchase the required number of radios, and the Chief replied the intention was to purchase 4 in Article 24. With a show of cards the article passed.

ARTICLE #16: Selectman Knox moved and Selectman Hadley seconded to see if the municipality would vote to raise and appropriate from surplus in the year ending December 31, 2001, the sum of **Thirty-one Thousand Dollars (\$31,000.00)** for the purpose of constructing a garage at the Police Department. Marcia Tasker asked how big a garage it would be and what would be stored in it. She was advised that it would be three bays for storing the three cruisers. There was some further discussion after which Mr. Chase asked to acknowledge the volunteers that had done such a good job on the new police station. With a show of cards the article passed.

ARTICLE #17: Upon motion made and seconded, Marcia Tasker asked to indefinitely postpone Article 17 which was to see if the municipality would vote to raise and appropriate the sum of **One**

Thousand Dollars (\$1,000.00) for the purpose of establishing a Police Department Canine Program. With little discussion the amendment to postpone was voted upon and defeated. Mr. Crockett explained that currently if a dog were needed, it had to be obtained from Keene, which took too long in some instances. Mrs. Edwards asked why the Selectmen did not support this article and Mr. Bryer stated that they felt that the \$1,000 would not be enough money. Mr. Crockett stated that a lot of the requirements for this program were to be donated, such as veterinarian costs, food, etc. He stated that it would be used for narcotics detection in both of the schools, as well as tracking and patrol. Mrs. Katherine Lord asked what was the condition of the dog, and Mr. Crockett stated it was coming from Maine and that it was not currently trained, but that it would be trained free of charge by the NH State Police. Mr. Castellani asked if it would eventually be loaned out like the ones from Keene for the local area and Mr. Crockett said that it had not been determined yet, but that it probably would be used liked the fire department mutual aid. Chief Ashford stated his support of mutual aid. The article was then moved, and with a show of hands the article passed.

ARTICLE #18: Selectman Hadley moved and Mr. Bryant seconded to see if the municipality would vote to authorize the Selectmen to enter a lease/purchase agreement, with no escape clause, for a total amount of **Twenty-nine Thousand Two Hundred Seventy-seven Dollars (\$29,277.00)** for the lease/purchase of a new Police cruiser and to raise and appropriate the sum of **Nine Thousand Seven Hundred Fifty-nine Dollars (\$9,759.00)** as the first year lease payment, and to fund this appropriation by transferring **Nine Thousand Seven Hundred Fifty-nine Dollars (\$9,759.00)** from the Highway Safety Equipment Capital Reserve Fund for this purpose. There would be two (2) additional payments of **Nine Thousand Seven Hundred Fifty-nine Dollars (\$9,759.00)** for the years 2003 and 2004 under this lease/purchase agreement. Mr. Madison asked what the interest rate would be on the payment, versus the interest being received currently on the funds in the capital reserve fund. Mrs. Knox stated that the interest on the lease would be 6% and Mr. Turner stated the capital reserve was earning 3% more or less. After more discussion as to alternatives, by a show of cards, the vote was as follows: 83 in favor, 40 opposed. A two thirds required vote would have been 82, the motion passed by 1 vote.

ARTICLE #19: Because of the result of the vote on Article 18, Selectman Knox moved to indefinitely postpone this article which was to see if the municipality would vote to raise and appropriate the sum of **Twenty-seven Thousand Six Hundred Fifty-one Dollars (\$27,651.00)** for the purpose of purchasing a new 2002 cruiser and to fund this appropriation by transferring the sum of **Twenty-seven Thousand Six Hundred Fifty-one (\$27,651.00)** from the Highway Safety Equipment Capital Reserve Fund. The motion was seconded and carried.

ARTICLE #20: Because of the result of the vote on Article 18, Mr. Sargent moved to indefinitely postpone this article which was to see if the municipality would vote to raise and appropriate the sum of **Thirteen Thousand Dollars (\$13,000.00)** to be added to the previously established Highway Safety Equipment Capital Reserve Fund (cruiser) held by the Trustees of Trust Funds. The motion was seconded and carried.

ARTICLE #21: Selectman Knox moved and Mr. Sargent seconded to see if the municipality would vote to change the Highway Equipment Capital Reserve Fund to an Expendable Highway Equipment Trust Fund, naming the Board of Selectmen as agents, established for the purpose of purchasing or leasing, maintaining and replacing highway equipment under the provisions of RSA 31:19-a. Selectman Bryer requested a secret ballot. Joann Bailey then read a statement in opposition to this article, stating mainly that this would give too much freedom of spending of these funds without approval from town residents. After some discussion on motion to move the question, a secret ballot was taken with the following results: 29 in favor, 103 opposed. The motion failed.

ARTICLE #22: Selectman Knox moved and it was seconded to see if the municipality would vote to raise and appropriate the sum of **Six Thousand Dollars (\$6,000.00)** to be added to the Expendable Highway Equipment Trust Fund held by the Trustees of Trust Funds. Selectman

Knox then moved to amend by removing the word "Expendable" from the name of the trust. Her amendment was seconded. The amendment carried, and on a show of cards, the article passed.

ARTICLE #23: Selectman Bryer moved and it was seconded to see if the municipality would vote to raise and appropriate the sum of **Ten Thousand Dollars (\$10,000.00)** to be added to the Recreation Facility Capital Reserve Fund established under the provisions of RSA 35:1 in 1998, and held by the Trustees of Trust Funds. With no discussion the motion carried.

Selectman Knox then moved and Joseph Knox seconded to restrict reconsideration from Article 11 through 20. Mr. Sargent moved to add through article 23. The motion carried.

ARTICLE #24: Selectman Bryer moved and Mr. Sargent seconded to see if the municipality would vote to raise and appropriate the sum of **Twelve Thousand Dollars (\$12,000.00)** for the purpose of purchasing four (4) digital portable radios, and to fund this appropriation by transferring the sum of **Twelve Thousand Dollars (\$12,000.00)** from the Police Equipment Capital Reserve Fund. With no discussion, the motion was approved.

ARTICLE #25: Selectman Bryer moved and Selectman Knox seconded to see if the municipality would vote to raise and appropriate the sum of **Five Hundred Dollars (\$500.00)** as a donation to Northwood Community Youth Services, a local non-profit volunteer organization dedicated to providing social programs for Northwood youth to help with their efforts in operating these programs, and to fund this appropriation by transferring this amount from surplus in the unexpended fund balance as of December 31, 2001. James Ryan moved to amend to \$2,500.00, and John Tower seconded. Mr. Ryan then explained this would be to add water to the building. He stated that the well was put in previously, that this money would be to hook it up with pump, etc. The vote on the amendment was passed. Then the amended article moved and by show of cards, it also passed.

ARTICLE #26: Selectman Hadley moved and Selectman Knox seconded to see if the municipality would vote to raise and appropriate the sum of **Three Thousand Dollars (\$3,000.00)** to be added to the previously established Conservation Land Fund, held by the Town Treasurer. Mr. Jim Ryan spoke on behalf of the Conservation Commission, voicing their support of this article. By show of cards, the article passed.

ARTICLE #27: Selectman Knox moved and Selectman Hadley seconded to see if the town will vote to raise and appropriate the sum of \$2,500.00 to be used by the Northwood Lake Watershed Association in the treatment of Northwood Lake to control the milfoil problem. (This was a Petition Article) Dennis Viola, the president of the Northwood Lake Watershed Association spoke in support of this article. Mr. Chase then asked to amend the article by adding the following language to the end of the article: "and to charge the Conservation Commission with researching and recommending in time for action at the 2003 town meeting ways to prevent the spread of milfoil to other water bodies in the Town of Northwood." Selectman Bryer asked the Conservation Commission how they felt about this request, and Mr. Ryan stated he saw no reason why not to take this on. Selectman Hadley stated that the Department of Environmental Services and other contingencies could also help with their research. By voice vote the amendment passed, and by show of cards the article passed.

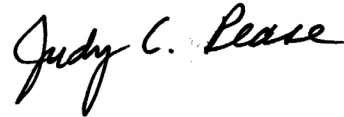

ARTICLE #28: Selectman Knox moved and it was seconded to see if the municipality would vote to enact the Mandatory Recycling Regulations that were adopted by the Northwood Board of Selectmen on June 20, 2001 as a town ordinance. Ms. Dole asked what those regulations were to which Selectman Knox responded that basically they were what was in place currently, that they had been presented in public hearings but just needed to be voted by Town before becoming regulations. Mr. Sargent asked how they intended to enforce them, and Mr. Edwards stated that even if we can't completely enforce then we can enforce them somewhat. Mrs. Lane asked that the audience recognize Viena Dow for all her effort she had put into this cause. With little more discussion, the article carried.

ARTICLE #29: Joann Bailey moved to indefinitely postpone to see if the Town would vote to change the number of Budget Committee members-at-large from 12 to 9 pursuant to RSA 32:15 IV. Her motion was seconded. The amendment was voted, with the result being 71 in favor, and 23 opposed. The article was indefinitely postponed.

ARTICLE #30: Selectman Knox moved and Mr. Knox seconded to see if the municipality would vote to support the petition which favors the construction of recreational fields and a recreational/community building for use of Northwood townspeople. Petition for Community Parks and Recreation Facilities is as follows: "the following Northwood registered voters seek funds for playground, baseball and soccer fields, basketball, and tennis courts for the near future. We also request a provision for a facility for young and old to socialize such as teen dances, activities and bingo, etc." After some discussion as to the pros and cons of obtaining some fields now and doing the rest at a future date, Mrs. Lane asked to move the article. And with a show of cards, the article passed.

ARTICLE #31: Under Article 31, to transact any other business that may legally come before this meeting, Mr. Ryan asked to thank Tom Whiting, a student of Coe-Brown who had been active in discussions during the meeting, for attending and getting involved. Ms. Bailey stated her admiration of Moderator Robertson for his work over the past week. With no more business to come before the meeting, it was moved to adjourn at 1:40 p.m.

2002 Building Inspector – Code Enforcement Report

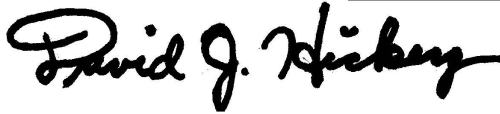

Two thousand and two has been an extremely busy year. New residential and commercial permits issued have increased significantly in number and in the size of the projects.

My effectiveness in performing the required functions is greatly increased with you and/or your contractor's cooperation. Therefore, I am asking that you adhere to the town ordinances and the requirements of the building code.

Two of the biggest problems that I have had to address during 2002 are the failure to obtain a building permit for a project being undertaken, and the failure to request a final inspection once the project has been completed. **Both of these failures are subject to fines.**

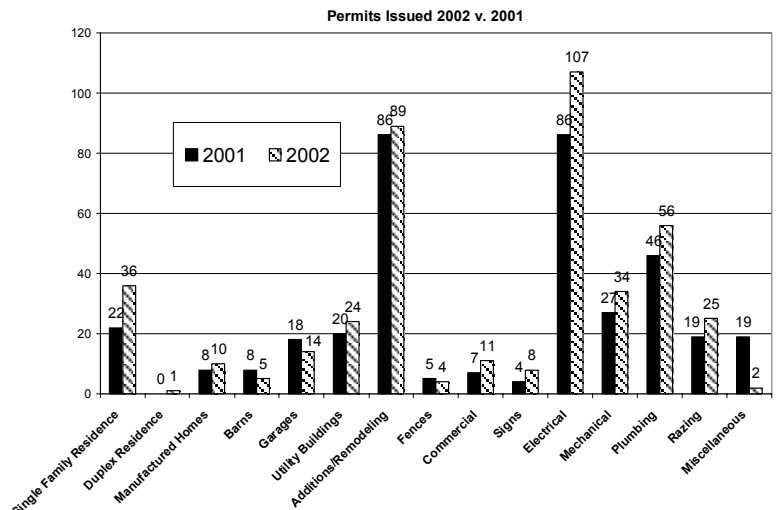

The following is a breakdown of the permits issued during 2002.

2002 Northwood Cable Advisory Committee Report

The Northwood Cable Advisory Committee was formed after the new contract with Metrocast Cablevision was adopted. Our purpose is to assist the Board of Selectmen with cable TV related issues, and to develop strategies to use the grant and franchise fee funds that come to the town under the new contract to set up public access broadcasting for the citizens.

This year we are very grateful to our committee member Ken Curley for all the research and work he did to put the tapes he made of the town meeting in March 2002 in a format that was usable for broadcasting and for research. He spent a lot of time finding out about software and equipment for editing, and produced the meeting on tape, and on DVDs that can be searched for particular content. It was a long process, done in his limited spare time, and we thank him so much.

We also want to thank the students at Coe-Brown Academy for meeting with us in the fall and expressing their interest in becoming involved in the public access broadcasting program. Two students visited the studio at Laconia High School with some of the committee, and "wow-ed" us with their expertise. Please ask Ken Curley, Donna Bunker, or myself about that visit. One student volunteered to become a member of the committee, and although he cannot be a voting member because he is not of voting age yet, he has already presented us with a proposal for equipment he feels would give the town the ability to do some professional-looking programming.

If you have an interest in being involved in this venture, please contact us and join us for a meeting. Our meetings are posted at the library, town hall, and on the town website (www.town.northwood.nh.us.)

2002 Cemetery Trustees Report

Andy Turner, who has been chair of the trustees for a number of years agreed to run for another term. He has requested that anyone, who has a sincere interest in the cemeteries, contact him to be indoctrinated in the record keeping, customer relations, and cemetery maintenance so that he can retire.

This year the trustees have been involved in getting perpetual care coverage on the lots that do not currently have any, since burial cannot take place until such care is provided. In addition, when the perpetual care on the lot does not cover the current cost per grave of \$100.00, an effort is made to have the owner add enough to cover the grave. Several additions were made this year.

The town has two contracted maintenance services for the cemeteries, which includes the general grounds keeping as well as mowing the cemeteries. Maintenance of the Fairview, Canterbury, Harvey Lake, and the Ridge cemeteries' was contracted to Sam Johnson. The Elliots provide maintenance of the East Northwood, and Pine Grove cemeteries as well as some small graveyards. Sherman Elliott serves as the superintendent of the cemeteries, thereby arranging the interments and record keeping of the burial permits as well as cremation certificates, which have to be on file with the town clerk and recorded with the cemetery trustees. Trustees Turner and Ted Reese performed basic maintenance at the cemeteries including: turning on the water at the cemeteries that have it, raising and lowering the flags, and planting grass in bare spots at Pine Grove Cemetery.

This year Trustee Doug Reckard has taken on the duty of making a computer index of all the lots owned in the Northwood cemeteries that will facilitate looking up persons buried in Northwood. Behind this index will be a copy of the burial permits or the cremation certificates for each person buried in Northwood. In addition, for each lot, a copy of the deed, the perpetual care contract, and the lot plan, plus any correspondence associated with that lot will be filed. This is a sizable job when dealing with the older cemeteries.

The Elliott Memorial was completed at Pine Grove. The bench and plaque were received and installed this year. Beulah and Larry Elliott were closely involved with Pine Grove and the area. The memorial recognizes their efforts.

Hannaford Market was completed and they came through with their promise to build a stone fence around the Baptist Church Cemetery at their easterly entrance. This was a great community assist.

Sherman Elliott agreed to do monument straightening at East Northwood and other locations that needed it. This is a project we are trying to do each year.

A contract has been made to have the roads in Pine Grove scraped, edged to provide 19 feet of right-of-ways, and resurfaced. With winter arriving early, this project may not be completed until next spring.

At Fairview Cemetery lightning destroyed a big pine, which had to be removed. These unexpected happenings have their effect on our budget, which we have managed to maintain at \$3,600.00.

2002 Conservation Commission Report

The Northwood Conservation Commission was established by the Town of Northwood to provide guidance for both the protection and proper utilization of the town's natural resources. These valuable resources include woodlands, wetlands, lakes and ponds, and clean air. To that end, the commission provides input on conservation related issues to other town and commissions, and state boards. The commission also maintains maps of the town's natural features, and promotes and sponsors events that raise citizen's awareness of problems and issues related to the town's natural resources.

During 2002, the commission focused on two new areas of concern:

1. Threats of invasive plant species into our lakes and ponds
2. The effect of large groundwater withdrawal from other towns bordering Northwood

Both of these, possible impact sources to our natural resources, have proven to be areas that need a continuing monitoring program.

In 2002, we were fortunate to add two new members to the commission, with experience and education in hydrology and "lake and pond dynamics". These new members have proven to be a resource that is "just in time".

The Northwood Conservation Commission continues to work with the citizens of Northwood to protect and manage the town's natural resources in an environment of continued economic development. The commission encourages constructive input by residents on conservation related matters and encourages everyone to participate in the protection of the town's natural resources. The commission meets at 7 p.m. at the town hall on the first Tuesday of every month. Any resident interested in becoming a member or in participating in a specific project is urged to contact the Conservation Commission through the town hall.

2002 Economic Development Committee Report

The Economic Development Committee held 10 meetings during the calendar year 2002. Notices of the meetings are posted at town hall, the library, and on the Northwood website.

The mission of the Northwood Economic Development Committee is to provide a structure and forum to facilitate development that preserves the beauty and nature of the area and that inspires those who live here and those who will come in the future to maintain and enhance the quality of life in this community - its economic health, social and cultural vitality, and ecological integrity.

Members of the committee attended a forum put on by Bear Paw Greenways to explore ways to preserve open space with other communities in the area. Members also explored ways to use zoning to create "smart growth" and to protect our water supplies.

A member from the Antique Alley Association joined the committee. A goal might be to recruit more members from the business community in town.

The municipal web site that was launched from this committee in 2001 was officially turned over to town hall staff for maintenance late in 2002. The web site (www.town.northwood.nh.us) will allow residents to find information about town government such as hours of operation, board meetings, and e-mail addresses for various town officers.

2002 Northwood Fire/Rescue Department Report

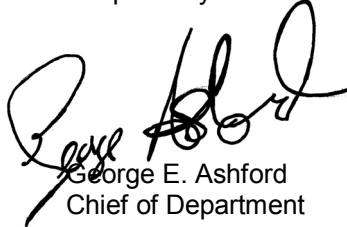

This year, the Northwood Fire/Rescue answered 501 calls for service.

Along with our regular departmental trainings, we had 2 members obtain their State Firefighter certifications as well as 3 members attending an Emergency Medical Technician course. This class requires a large commitment from members and their families, but once completed, provides a benefit to the entire town through increased knowledge and proficiency.

This past summer was one of extreme dryness, and I would like to take this opportunity to thank all the townspeople for their extra care and understanding in keeping the actual number of brush and grass fires to a minimum.

I hope everyone has a fire safe 2003, and on behalf of the Northwood Fire/Rescue, thank you for your continued support.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for all outside burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violations of RSA 227-L:17, the fire permit law and other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$2000 and/or a year in jail plus suppression cost.

A new law effective January 1, 2003 prohibits residential trash burning (RSA 125-N). Contact New Hampshire Department of Environmental Services at (800) 498-6868 or www.des.state.nh.us for more information.

Help us to protect you and our forest resources. Most New Hampshire wildfires are human caused. Homeowners can help protect their homes by maintaining adequate green space around the house and make sure that the house number is correct and visible. Contact your fire department or the New Hampshire Division of Forests and Lands at www.nhdfi.org or 271-2217 for wildland fire safety information.

2002 Human Services Report

During 2002, the human services department was able to assist nineteen local families with shelter, food, and utility expenses. The department worked closely with area property owners, utility companies, state and federal agencies and charitable organizations such as Raymond Community Action. Once again, Raymond Community Action has greatly reduced the burden on

the Town of Northwood by helping residents with assistance through their programs including: fuel assistance, rental and utility assistance and homeless outreach. Unfortunately, there was a sharp rise in the number of homeless families in the community; this increase can be attributed to many factors including the poor economy, the rising cost of housing in the area and the lack of employment paying a "living wage".

Again, I'd like to give heartfelt thanks to the rescue squad/fire department, area churches, organizations and giving individuals who provided the donations for a very successful holiday food/gift basket program. We were able to provide twenty-four Northwood families with the necessities for a healthy, happy holiday meal and gifts for the children. A special thanks to Priscilla King for all her help with this program. This year the human services department worked with an ambitious senior from Coe-Brown Northwood Academy, Megan Murphy, to create a giving tree program at Coe-Brown. Megan was able to work with academy staff and students to provide gifts for thirty-four Northwood children.

I would be happy to hear from anyone who has any questions, comments, or suggestions for the human services department.

2002 Library Report

It has been a busy year at the Chesley Memorial Library! Circulation statistics for 2002 reveal a total of 28,895 books and materials checked out. 3,058 people are registered for library cards. The interlibrary loan program continued to be very active - 626 books were borrowed from other libraries and 994 of our books were loaned to other libraries! Our busy interlibrary loan statistics earn us two stops per week by the state library van.

Two grants were awarded to the library this year, one for technology, and one for children's books. The library received \$800.00 from the Library Services and Technology Act Back to

Basics grant that was used towards the purchase of a new computer. The library was awarded a grant from the Children's Literacy Foundation that added 88 children's books to the collection. The Children's Literacy Foundation is a non-profit organization founded in 1998 for nurturing a love of reading and writing among children throughout rural areas of New Hampshire and Vermont. As part of the grant, CLiF presenter Mary Catherine Jones visited Northwood School

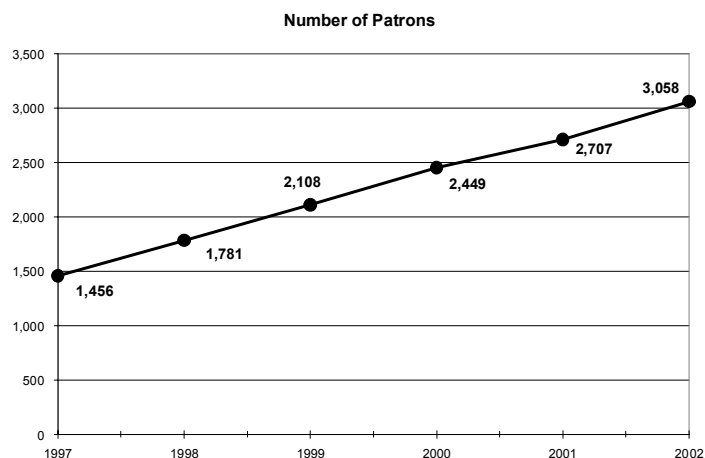

to read stories and share news of the grant with the children. The library was then selected to receive another school visit in 2003 from a New Hampshire author that will also be sponsored by CLiF!

The George Reese family donated a flagpole with a plaque in memory of librarian Gladys Gardner, who served as librarian from 1954 to 1983. Our local VFW will be donating a new flag and a dedication will be held at a future date.

WorldPath and Metrocast continue to provide free Internet access to the library so all registered patrons can use the Internet and other programs such as Microsoft Word and Print Artist.

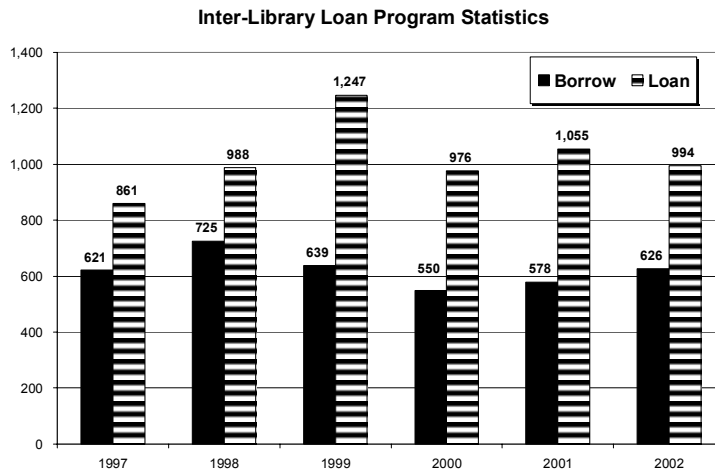

The library offered many programs for children and adults throughout the year. Demand for the children's story time program was so great that an extra session was finally added. Story Time sessions met twice a week January through May and three times a week September through December.

Participation in the story time program remained strong with an average of 30 children attending every week. Teddy Bear Story Time met weekly in July and August. The library continued the "Great Stone Face Reading Club" and served as a voting site for the program's favorite book. Our third annual Bring-Your-Own Easter Egg decorating party was very successful. "Turn Your

TV Off Week” was celebrated in April with drop-in craft sessions all week long. The summer reading program featured the jungle theme “Lions & Tigers & Books: Oh, My!” Drop-in craft sessions related to the theme were held throughout the summer and the Friends of the Library sponsored a very popular performance by singer “Wayne from Maine” to celebrate the summer reading program. The summer reading program ended with a “store” featuring donated prizes that participants “purchased” with points they earned from reading all summer. The library initiated a new Story Time program in October; “Holiday Reading Events” were held once a month on Saturdays in response to requests for weekend children’s programming.

Coe-Brown National Art Honor Society and the Northwood School once again held art exhibits at the library in April. Ken Witham hosted a nature photography display in June. A workshop for students and their parents on “Career Exploration and Early College Planning” was held in August. The library hosted an open house in September to celebrate National Library Card Sign-Up Month and to thank the Harvey Lake Woman’s Club for their many years of support. Carol Witham dressed as Mother Goose and read to the children who attended the open house. The Northwood/Nottingham Book Discussion Group for adults met every month – the group

enjoyed the book discussions so much they refused to take the summer months off! The young adult book discussion program continued and has grown in popularity. The Christa McAuliffe Family Planetarium Pass was donated to the library in honor of all library volunteers. The Cub Scouts, the Girl Scouts, and third grade students from Northwood School visited the library at different times throughout the year.

The Friends of the Library also had a busy year. Not only did they sponsor the “Wayne from Maine” program, they also purchased a CD player and a large folding table for the library! Their annual yard sale in September was once again very successful.

Many local groups and non-profit organizations continue to use the meeting room on a regular basis. Anyone interested in using the library’s meeting room should contact the library director for more information.

The library is very fortunate to have many volunteers helping with a variety of tasks. Volunteers contributed a total of 396 hours this year. A new program for “junior librarians” was started to help with summer reading and story time programs and our junior librarians contributed 209 hours to our total volunteer hours! We appreciate their efforts and all the support we receive throughout the year from library patrons and local businesses.

The library is staffed by director Donna Bunker, assistants Eunice Fraser and Ellen Gibson, and aide Danielle Fortin. The library is open: Mondays, Wednesdays, and Thursdays 9-4 and 6-8, Tuesdays and Saturdays 9-1.

2002 Planning Board Report

The year of 2002 turned out to be a busy year. The board reviewed and approved edits to the Northwood Development Ordinance as well as approval of two subdivisions, nine site plans, and seven boundary line adjustments.

Most of the subdivisions reviewed by the board were Open Space design concepts, which allows for traditional residential neighborhoods while protecting a portion of natural landscape indigenous to the development.

Most of the site plans reviewed and approved by the board were small businesses and services. As you travel through Northwood take some time out of your busy day and visit some of these new and old friends: Northwood Power Equipment (4000 sq.ft. retail), Wilder Flooring, Northwood Police Department (garage addition), Jeff Brown Pottery studio, Regal Radiance (tanning salon) and Lakeview Antiques (retail conversion) just to name a few. The board worked well with all applicants to balance their needs while maintaining the spirit of the town's regulations.

The March election brought new members to serve this year: Eric Reitter and Doug Peterson; while Elaine Planchet was appointed as an alternate. Welcome aboard and thanks for your service.

Northwood will no doubt benefit economically from all of these new projects now and in the future, as the board continues to seek a balance between growth and development with the desire to maintain its rural character in the year 2003.

2002 Northwood Police Commission Report

The Northwood Police Commission was created by ballot vote in March 1986. The previous year, the Northwood Board of Selectmen appointed a seven person Police Advisory Committee to look at budget and personnel concerns in the police department. Following several months of review, the committee presented a final report in December of 1985 to the Board of Selectmen. That report included a list of 10 recommendations for the department, the first of which was to institute a three person commission to oversee the operations of the police department. Northwood voters ratified that recommendation and the Northwood Police Commission has been in place since. Commissioners are elected to a three-year term, with one term expiring each March.

The commission meets monthly on the third Monday of each month at 2:30 p.m. at the Northwood Police Station. The commission's agenda includes time for public input, the review of the general business of the department, the chief's report, budget review and correspondence. All meetings are open to the public to attend.

In 2002, in addition to their regular meetings, the commission held several work sessions to review the budget and employee evaluations; and met in joint session with the Board of Selectmen.

The commission, consisting of W. Edward "Spike" Bryant, Eleanor "Polly" Pinkham and myself, would like to thank all of the townspeople for their continued support of the police commission.

Sincerely,

Richard Cummings, Chairman

2002 Northwood Police Department Report

The year 2002 has ended as another busy year for the department, with substantial increases in various activities, and thankfully, decreases in certain other areas as well

This year proved to be status quo in keeping with the past several years, with calls for service logged at 718, just down slightly from last year. Of these calls for service, 350 were criminal related, many resulting in subsequent investigations and arrests of suspects. Many of the remaining calls were for services assisting other agencies, service of subpoenas, juvenile petitions, response to business and residential alarms, 911 hang-up calls, and suspicious person calls.

Arrests remained at a high level, with a total of 441 for the year, up 8% from last year. Of those, 83 involved juveniles, many of which included alcohol offenses for persons under the age of 21. This year especially showed a large increase in the number of underage drinking incidents and large party calls.

Included in the total number of arrests is 29 drug related incidents, with various charges of Possession with Intent to Distribute, Transporting Drugs, DWI, and Possession of Controlled Drugs. Citizens who may be interested in viewing some of the various articles of drug paraphernalia are welcome to come see our drug display at the station.

As always, First NH Turnpike continues to provide the department with more than enough to handle with motor vehicle complaints and offenses. DWI arrests came in at 26 for the year. 600 contacts were made with the motoring public, with most of them being for common violations of Speed, Unlawful Passing, Unregistered and Un-inspected motor vehicles. Of those 600 contacts, 128 written Warnings were issued (with a fervent hope that the lesson was learned and the violation not be repeated).

The department is pleased to announce the two newest additions to our staff, the first being Officer Adam Andrews, who has taken the place of Officer Ross Oberlin as our newest fulltime officer. Officer Andrews came to us from Rollinsford Police Department, where he served as a part time officer. He will be attending the academy in April 2003 for his full time certification.

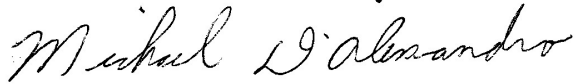

Our second addition is that of Canine Kimrus, who belongs to Corporal Dave Crockett. Cpl. Crockett attended canine training through the Boston Police Department, starting in September of this year, and completed an intense course of 480 hours in length, which gained the department a canine certified in patrol and tracking procedures. This canine is one of a few in the entire county, and is a valuable asset to the town. The dog has already proved itself on several successful tracks since November.

The department has recently added a new three bay garage , at the back section of the parking lot. This was started in late summer and recently completed. This new addition allows the patrol cars to be housed at the station now, in a heated and secure facility.

The DARE program is still running strong in the elementary school fifth grade, now finishing up its' eighth year under Sgt. Hillner. Our drug related incidents with local youths has shown a steady decline over the last several years, and we like to think that this program has contributed in that regard. A special thank you to all businesses and citizens who have contributed, and still contribute financially to this program, and have made it such a success.

Finally, we would like to recognize and thank our Police Commission for their continued efforts and support over this past year, in helping to run the department smoothly and keeping the lines of communication open with other departments and the local citizenry.

2002 Road Agent Report

This past winter was normal in the amount of snow that we had to deal with. We had no major storms January thru March; however, the winter season came in early with snow in October. The remainder of the year has been very busy with more snow than usual.

The spring was not bad as far as mud season was concerned and we were able to keep the roads in good shape. Grading was done on all gravel roads in the spring as well as fall. Gravel was added where it was needed during the spring grading as well as during the fall. We also had no major washouts due to rainstorms as we have had in the past.

We reclaimed Sherborne Hill Road this year. This completes the loop to and from Route 4. This is a very busy road and the improvement should make for better traveling for people using the road. It also makes it easier to maintain. We over laid Bennett Bridge Road also. This road was in very bad shape and this will make it much better to travel on. Most of the residents here seemed to be very happy with the work that was done. Deerfield Road was also done with a two-inch base of hot top. Even though this road does not get a lot of traffic, it is a difficult road to grade because of the intersection with Route 4. We also overlaid Oakwood Drive with a two-inch overlay.

Work for this year includes rebuilding Harmony Road. The hill section is very narrow and needs to be widened due to the increased traffic that travels here. The culverts near the Route 4 end also need to be replaced. We will do as much as we could with the funds that are available. We will also be replacing the guardrails on Old Turnpike Road, which are in very bad shape. This will hopefully be done this winter or early spring. Denmark Drive is scheduled to be overlaid this year.

Roadside cutting was done on all roads this past year and will be done this year.

I would again like to thank everyone for patience when they have had to wait when we are doing roadwork and during storms.

Respectfully Submitted,

James Wilson
Road Agent

2002 Zoning Board of Adjustment Report

The Northwood Zoning Board of Adjustment received a total of 13 new applications in 2002. The board hears all requests for relief from the Northwood Development Ordinance, including both variances and special exceptions. The Zoning Board is also granted authority by the state to hear appeals from an administrative decision and waivers from dimensional requirements. Each case is reviewed in open session, with notification provided to abutting property owners. Each decision of the board is based on the unique characteristics and specific merits of the individual cases. The following is a summary of the cases heard and the board's decisions:

Setback Variance 3.04	Garage	Approved
Setback Variance 3.04	Residence	Withdrawn
Setback Variance 3.04	Garage	Conditional approval
Setback Variance 3.04	Garage	Denied
Setback Variance 3.04	Residence (mobile)	Approved
Setback Variance 3.04	Church addition	Conditional approval
Setback Variance 3.04	Garage	Denied
Variance to Section 3.0, 3.02, 6.05	Open Space Design Subdivision	Denied
Variance Section 1.04C1	Change the bounds of a non-conforming lot	Denied
Variance Section 1.04C1, 3.01 & 3.02B	Change the bounds of a non-conforming lot, setback, road frontage	Conditional approval
Variance Section 2.02B	Add second residential unit	Denied
Variance Section 2.02, 3.02, 6.05(A)(4)	11 Condominium Units on one lot	Denied
Special Exception 5.05B	Construction in Steep Slope Overlay District	Denied

The Zoning Board of Adjustment meets monthly on the fourth Monday at 7 p.m. at the town hall. Applications for zoning board requests may be picked up at the town hall during regular business hours. The board administrator is available on Mondays if you have questions. Messages may be left at 942-9100 ext. 5, at any time.

The board welcomed three new alternate members this year: Joseph Knox, Daniel Remi and Nona Holmes.

Open positions for appointment are reviewed in March. If you are interested in serving on this board, please contact either the Board of Selectmen or myself.

2002 Trustees of Trust Funds Report

The year 2002 was one that reflected an additional \$2,500.00 being added to the perpetual care principal. Four of the trusts were paid when cemetery lots were purchased. Five of the trusts were cases where individuals who wanted their family lot to be more adequately funded at the current \$100 per grave charge. As said in previous annual reports, the income from the perpetual care funds provides for the maintenance of the lots. Such care is required before interment can be made. There are lots that were purchased before perpetual care was required. These lots require that perpetual care be placed on them to be used. There are some lots on which a minimal amount was placed years ago. It would be helpful if these trusts were added to in order to be in line with the inflated costs of caring for them. Our cost of maintenance is currently around \$12,000. Such cost requires that we get, if possible a 7.8% return on our principal investment. This is particularly difficult with market conditions the past two years.

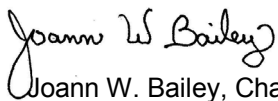

There is a close connection between the cemetery trustees, who sell the cemetery lots and broker the sale of private lots or portions thereof; because they must see that the lot sale and perpetual care money is collected, deeds and contracts are prepared, and that the money ends up in the proper trust funds. At present Andy Turner, who is chair of the Cemetery Trustees, performs these functions.

There are thirteen capital reserve funds presently maintained. These funds were created at town meeting and funded according to the articles in the town warrant. There are five expendable trusts for special operations in town. These trusts have been set up so that the income generated by their operation is placed in trust annually for future use as the trust grows. There are twenty-two trusts established by or in memory of individuals who have been interested in or are generous for the benefit of a cemetery, the libraries, the town, or the school. In the case of cemeteries, special trusts have been set up for some graveyards, for the Harvey Lake Cemetery, and a large trust by Florence Minor for the East Northwood Cemetery and for the well at East Northwood. For the libraries, there are trusts to assist in the purchase of books and for maintenance of libraries. The income earned during the year on the library trusts is turned over to the library trustees for their administration.

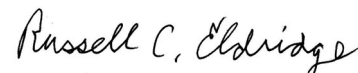

This year \$61,929.22 was withdrawn from capital reserves, \$38,000.00 of which was for schools and \$6,500 was for a transfer correction of principal and \$598.31 of income to a water district expendable trust, while \$1,148 was a return of a withdrawal for the 2001 Ambulance. There was \$101,010.66 added to the capital reserves, \$20,000 of which was for schools. The return of the withdrawal of \$1,148 acts as an addition to the Fire/Rescue Vehicle Capital Reserve Fund.

The trustees meet several times throughout the year as the different situations arise. In January, in particular we balance our books, collect our year-end investment data, prepare our required state reports for each trust fund maintained, and submit our records for audit in mid-January. Our minutes and computer work is performed by Andy Turner. Russ Eldridge oversees the capital reserve investing as well as other funds invested with New Hampshire Deposit Investment Pool (MBIA). Chair Joann Bailey does the current everyday bookkeeping, banking, and manual record keeping.

2002 Town Safety Committee Report

The safety committee held four regular meetings in 2002. The committee continues to work to insure that all work on town buildings meets to applicable codes and with the goal of bringing them into code compliance.

The major improvement in 2002 was the complete remodeling of the lower level of the office building to create additional office space for the Town Clerk/Tax Collector and Human Services as well as create a conference room, an ADA accessible bathroom, and storage space for various departments.

The committee continues to work to insure that all town buildings are or are working towards code compliance as well as address all accidents to town personnel to determine what might have been done to prevent the accident and to try to eliminate any similar future incident.

The new chairperson for 2003 will be Donna Bunker.

The 2002 committee was comprised of the following members:

David Hickey, Chairman	Donna Bunker
Michael D'Alessandro	Linda Smith
Steve Fournier	Joel French
Marylou Tuttle	Jim Wilson

2002 Northwood Parks & Recreation Department Report

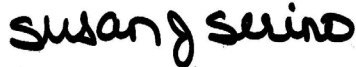

In 2002, the Parks and Recreation Department undertook many exciting programs. The swim lessons and two-week summer camp were a great success. The children and recreation counselors had a wonderful time on the beach swimming, playing games, and enjoying the summer during school vacation. The children who enrolled in the program were a wonderful group; they had smiling faces each morning their parents dropped them off and continued smiling until camp was over. I would like to thank the camp counselors Rebecca Clark, Megan Murphy, Katherine Hardy, Jessica Charland, Mike Roux, and Sherri Roux for all their hard work and dedication to the summer program. We also had two students from Coe Brown Academy who earned community service hours as a camp counselor. They all did an outstanding job.

Every summer, we have an enthusiastic group of lifeguards who work seven days a week at each of the three town supervised beaches (Northwood Lake, Mary Waldron, and Bennett Bridge), between June and Labor Day. The American Red Cross certifies them all and they are committed to making sure that our beaches are safe for all of the residents of Northwood to enjoy.

During the year, we tried a few other events. In January, an Old Fashioned Ice Skating party was planned. However, Mother Nature did not agree with us and Northwood Lake was not safe enough for skating. In April, the Easter Bunny paid a visit to our community, and the town held an Easter Egg Hunt, where the kids could color their own eggs, as well as do other arts and crafts. In late autumn, the recreation department held an Autumn Festival at the town hall. There were several crafters set up in the town hall and outside there was a petting zoo, which included a miniature cow, a miniature pony, sheep, chickens, bunnies and a pony for riding.

I am eager to have a Park and Recreation program that everyone can enjoy and in the future, I would like to see the town's people more involved. I am open to suggestions for different programs and trips that people of every age can enjoy. The recreation program is not just for the youth of our community, but for everyone. If you have any question, please contact me at (603)942-5586 extension 207 or by email at recreation@town.northwood.nh.us. Thank you for your support in 2002 and I hope the program in 2003 will be as successful.

2002 Board of Selectmen Report

Our 2001 report told of the completion of the renovations to the police department's building and the beginning of the renovations of the town hall building to allow for compliance with ADA and to allow for the expansion of office space to the lower level of the building. At this time we are pleased to report that all renovations have been completed, and that an open house was held in May 2002 for the viewing of the town hall renovations. Several townspeople and state and federal officials attended the open house, and were amazed at the transformation of the facility.

The re-arranging of office space within the town hall, and the revision of duties for new and seasoned employees has worked well this year. Having more work space for each employee has enhanced productivity and has been welcomed by all employees. Also the addition of a meeting room in the lower level has provided the much needed space so as many as three committees can now meet at one time within the town hall. Although we personally thanked D. R. Dimes for the gift of the table and chairs for this new meeting room, we wish to state again our sincere appreciation for his wonderful gift to the town.

During the year 2002 the selectmen continued to assist the Tower View Cooperative with the Community Development Block Grant for the replacement of failed septic systems, and at the time of this writing this project is well on its way to completion. We also saw the completion of the Hannaford store and the Shell station and car wash in East Northwood. These two additions have strengthened our tax base, and their effect will be felt in the 2003 tax rate. It was very heartwarming to see the number of people who turned out so early on October 27th at the opening of the Hannaford store. The VFW Post #7217 donated to the new store an American flag and held a flag raising ceremony as a symbol of their dedication to our community.

Many changes are coming to our town. With the approval of two subdivisions on Bow Lake Road, over 25 additional families will become part of our town in 2003. At this time, the elderly housing complex planned for Bow Street is still in the planning stages, and it is anticipated it will be presented to the planning board before this report is published.

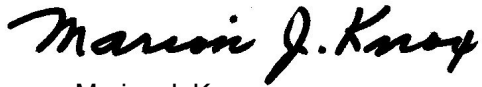

We are dealing with a transition period at the transfer station, not only with a newly appointed recycling committee, but with the change of personnel and duties for those involved with the operation of the facility. The board elected to postpone the opening of the new building until it could be determined that all equipment was available, and that there was training available for personnel and volunteers. The variation in the market for recyclables has been unprecedented, as has been the new requirements for the disposal of various commodities. The recycling committee is hard at work attempting to arrive at a viable solution to our recycling efforts, and it is hoped that a concrete plan will be forthcoming shortly. In the meantime, please remember we have mandatory recycling, and it is very important that we continue with our efforts to lessen the amount of trash that we have to have hauled by Lamprey, as the cost continues to climb each year.

The selectmen would like to thank the many volunteers who unselfishly donate their time and knowledge to the town, by participating as members of our many boards, committees and commissions. We hope you will continue to volunteer to participate in the affairs of our town. As there are always additional volunteers needed, we ask that you contact our office if you wish to assist us. We appreciate each and every one of you who have volunteered in the past. We also wish to recognize and thank all of our town employees for their knowledge, skills and abilities. Our employees make our local government function and respond to the needs of our citizens. We thank them for their dedication and hard work.

As always we welcome suggestions from our residents and business owners relative to how we can provide better services to the public, and make our community a better place for everyone to live. Our meetings are open to the public, and our staff is always available during regular

business hours to handle any concerns or comments you may have. We look forward to continuing to serve the residents of Northwood in the best way possible.

Addendum to Selectmen's Report

As many of you know, senior Selectman and former long-time Administrative Assistant to the Board of Selectmen, Marion Knox announced last fall that she would not be running for re-election to the Board. She made the announcement early so that other interested persons could be given more of an opportunity to determine whether being a selectman was of interest to them. That decision has prompted several people to come forward. We look forward to working with whomever the voters choose as our new Selectman.

It will be very difficult to replace the knowledge, skills and abilities that Marion Knox brought to the Board. Many decisions of this Board were the result of her vast experiences and level-headedness. Her uncanny ability to keep the Board focused on critical and priority issues will be sorely missed. Her expertise in matters pertaining to the operations of Northwood's local government will be irreplaceable. We hope that Marion will continue in some capacity serving the people of Northwood, either as an appointed or elected member to a board or committee. We wish her success in her future endeavors and thank her for her many years of service to the Northwood community.

2002 Administrative Assistant's Report

It is an honor to submit my first annual report to the town. Since I accepted my appointment as administrative assistant last February, the town has undergone numerous changes and will continue to do so over the next few years. Northwood, like many communities in the southern part of New Hampshire, is going through a growth phase. The town has seen many subdivisions started, as well as the welcome addition of several commercial businesses including the Shell gas station and carwash, and the opening of the Hannaford Brother's Supermarket in east Northwood. In addition, we saw the construction of a new store for Northwood Power Equipment on Route 4. However, with growth also come the inevitable growing pains. The challenge of the town is to balance growth with constructive planning. Growth and change can be positive when it works in conjunction with the reason why people came to the town originally: Northwood's quality of life. The elected officials and other volunteers of the town provide a continuity to ensure that the quality of life is preserved for the future generations.

The town hall has seen numerous internal changes. We have completed the renovations of the main offices and the lower level to provide adequate space for the Town Clerk - Tax Collector. In addition, this has increased the space available for the Human Services Department, the Northwood Food Pantry, as well as additional storage and meeting space for the town. With the renovations downstairs, there have been some changes upstairs as well. The former town clerk - tax collector's office is now the new office of the selectmen and administrative assistant. There is a new telephone system has been put in place at town hall. The only number that you need to remember now to contact the various departments is (603) 942-5586 and their extension (which are located on the business page of the town report.) While we know the importance of speaking to human instead of the voice mail system, the new system allows the staff to receive individual messages when they are not in the office or after hours

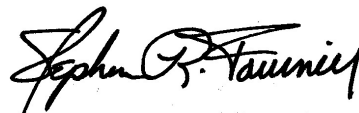

We have implemented an official town website, with the dedicated work of volunteers, so town hall can now be accessed 24 hours a day, 7 days a week. Shortly, we will be rolling out more information on the website in order to make your business visit to the town hall as efficient as possible. Also, all employees at the town hall now have email addresses to better serve the people. Our web address is www.town.northwood.nh.us.

In 2002, we have been working closely with the New Hampshire Community Loan Fund, the Tower View Modular Housing Cooperative, and the New Hampshire Office of State Planning to administer an emergency Community Development Block Grant that the town was awarded on behalf of the Tower View Cooperative in order for them to replace their failing septic system. The project is almost complete and will benefit this portion of town greatly.

As always, the town continues to review and update its policies and procedures to help make the town government provide maximum services to its citizens efficiently. In the coming year, I will to work with all departments to complete a comprehensive capital improvement plan. This would allow the town to better prepare for capital projects and to assist in community planning. In addition, I plan to work with the board of selectmen and town departments to review operations and recommend ways to make local government work more efficiently. These will be the first steps in working with the community to make their government work better for them. If you have any suggestions or comments, please feel free to contact me at (603)942-5586 extension 204 or by email at administrator@town.northwood.nh.us.

In closing, I would like to thank the employees, town officials and the citizens of Northwood for making my transition into this position as trouble-free as possible. I look forward to serving the town in the coming years.

Respectfully Submitted,

Stephen R. Fournier
Administrative Assistant

2002 Lamprey Regional Cooperative Report

The Lamprey Regional Cooperative (the "Cooperative") is a quasi-governmental unit that originated in 1978. It consisted of 14 member communities and was formed under the provisions of New Hampshire RSA 53-A covering agreements between governmental units. The purpose of the Cooperative is to provide solid waste disposal services for its members on a self-supporting, user charge basis. The original belief back then, which continues today, is that several communities can broker a better deal to dispose of their solid waste materials than one community acting alone can.

In late 1996, when the original agreement lapsed, a new contract was entered into under the same RSA provisions. However, only six of the original 14 communities opted to renew the agreement. Besides Northwood, Epping, Lee, Madbury, Newington, and Rollinsford are also current members. Although several communities chose not to continue their contract, all of the original members remain responsible for future post-closure care costs for the Somersworth landfill operation closed in 1995. Under state regulations, the Cooperative members remain responsible for a twenty-year period. Post-closure care includes groundwater and leachate monitoring as well as any maintenance and repair necessary. Post-closure care costs are and will be met from both the current resources of the Cooperative as well as future assessments. In 2003, the annual assessment to be paid by Northwood will be \$810, which is a reduction from \$900 in the prior year. Based on the results of the water testing and monitoring during the past several years coupled with the fact that the closed landfill contains a double-liner, there is little likelihood that additional annual costs of \$810 will be assessed to Northwood taxpayers. As an additional safeguard, the state Department of Environmental Services is also monitoring the closed landfill.

The 2003 annual budget for the Cooperative was reviewed and approved by the representatives of the six member towns at a properly-noticed public meeting held at the Madbury Town Hall on December 12, 2002. Of all the member towns, only Northwood is being projected to bring in less revenue for tipping fees to the Cooperative as the town's mandatory recycling efforts continue to pay-off. The avoided "tipping fee" charge results in a direct savings to Northwood taxpayers.

Looking forward, the Cooperative will be facing another renewal of their contract in the next few years. Each member town will have to determine what will be in their best interests. A cost-benefit analysis will have to be performed by the Northwood Selectmen to determine what options will be available that will result in the "best value" for our citizens. Having a Northwood Selectman as a direct representative to the Cooperative for the first time in 10 years will certainly allow our decisions to be made more easily.

Respectfully Submitted,

James Hadley,
Selectmen's Representative to the Lamprey Regional Cooperative

Auditor's Report

**The Annual Report
of the
School District
Northwood, NH
For the Year Ending June 30th, 2002**

Northwood School - Mission Statement

“The mission statement of the Northwood School is to provide opportunities for all students to acquire knowledge and develop the skills and work habits enabling them to be contributing members of the community and to function successfully in society. This mission is best accomplished when students, school personnel, parents, and community members maintain high expectations, create a positive school climate, foster respect and responsibility, provide a safe environment, and promote effective collaboration among school, home, and community.”

Minutes of the Northwood School District Meeting March 9, 2002

Moderator Robert Robertson called the meeting to order at 9:00 a.m. Approximately 325 people were present, including: Superintendent of Schools for the SAU #44 District, Harry Fensom, Special Education Director Judith McGann, Executive Secretary of the SAU # 44 Robyn Jenisch, Northwood Budget Chairman Daniel McNally, School Principal Jill Cane, Assistant Principal Barbara Gendron, School Board Members: Chairwoman Catherine McNally, David Bujno, Richard Levergood, Ellen Gibson, and Lisa Winterton, School Attorney Barbara Loughman.

Moderator Robertson introduced four members of the Northwood Girl Scouts, Troop No. 160. They were: Caitlin Philbrick, Megan Hoover, Ashley Kizirian, and Sara Hanrahan. They opened the Meeting with the Pledge of Allegiance to the Flag of the United States of America. The fifth Girl Scout, Cristy Jones was selling Girl Scout Cookies at their table. Their Scout Leaders are Beth Philbrick and Diane Kizirian.

Moderator Robertson made an announcement that the meeting will be fair and orderly, and he would try to recognize everyone wishing to speak. The meeting will be completely under his control. He, then, proceeded to read The Election Warrant for Tuesday's Election, March 12, 2002. Then read the Warrant Articles for today's School District Meeting.

The Moderator introduced Andy Turner who explained the reason for the insert to our Town Report. School Board Chairwoman Catherine McNally recognized Richard Levergood, as the outgoing School Board Member, and presented him with a gift from the School Board and thanked him for his contribution and support.

ARTICLE 1. To see if the Northwood School District will vote to raise and appropriate the sum of \$20,350. For the purchase of a tractor. This appropriation was recommended by the School Board, but was not recommended by the Budget Committee. This Article was moved, as read, by Kate McNally and Seconded by Daniel McNally. The need for the tractor was explained by Richard Levergood. After much discussion, Douglas Sargent moved to amend this Article to read: "To enter into a 5 year lease/purchase agreement with an escape clause for a tractor, and to limit the annual amount to be raised and appropriated \$4,200.00 per year." Seconded by James Hadley. Moderator Robertson called for a vote by show of cards. YES - 68 NO 76. The amendment was defeated. Back to the main Article, after much discussion, the Moderator called for a vote to stop the discussion by a band vote. PASSED to end the discussion. James Hadley made a motion to amend Doug Sargent's amendment to insert the words after appropriate, "From Surplus." Seconded by James Ryan. After a discussion, Moderator Robertson called for a vote to end the discussion. PASSED unanimously. A hand vote by show of cards on J. Hadley's amendment. This, also, was Defeated. Moderator Robertson called for a vote on the main motion by a show of cards. This, too, was Defeated. YES-73 NO 115.

ARTICLE 2. To see if the Northwood School District will vote to raise and appropriate up to ten thousand dollars (\$10,000.) to be placed in the School District Capital Reserve Fund for the purpose of financing any and all capital improvements to school buildings as well as all or part of the cost of new construction for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year end undesignated fund balance (surplus) available on July 1. This Article was recommended by the School Board and The Budget Committee. David Bujno moved this Article as read. Seconded by Ken Robbins-Monteith. A vote was taken by show of cards and PASSED unanimously.

ARTICLE 3. To see if the Northwood School District will vote to raise and appropriate up to ten thousand dollars (\$10, 000.) to be placed in the School District Capital Reserve Fund for the purpose of meeting the expenses of educating educationally handicapped children for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year

end undesignated fund balance (surplus) available on July 1. This appropriation is recommended by the School Board and the Budget Committee. David Bujno moved the Article as read and Seconded by James Ryan. Attorney Barbara Loughman read the Law regarding the Article. This Article was PASSED with very little discussion.

ARTICLE 4. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for the School District officials, and agents, and for the payment of statutory obligations of the School District. Budget Chairman Daniel McNally moved to amend the School Board recommendations to read, "To raise, and appropriate the sum of \$7,010,170.32, as was recommended by the Budget Committee. Seconded by Ginger Dole. However, the School Board never inserted the proposed amount they recommended to fund this Article to the Budget Committee. School Board Member Richard Levergood recommended the amount of \$7,556,525. To be raised and appropriated to support this Article. He explained this purposed figure, which was accepted by the School Board, and was \$546,354 more than what was proposed and voted by the Budget Committee to fund this Article for the year 2002-2003. Mr. Levergood stated that the School Board figure includes funding of Teachers Contracts and the Debt Service, which was voted on, last year. This amounts to an increase of 1.1% over last year's budget, or an increase of \$71,284 To be raised by Taxes. After many questions and answers, Moderator called for a vote to end the debate, by show of cards. YES PASSED to end Debate. Moderator called for a vote on the amendment, made by the Budget Chairman McNally for the amount of \$7,010,170.32, as was recommended by the Budget Committee. School District Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Northwood qualified to vote in district affairs:

**You are hereby notified to meet at Northwood School
in said district on the 8th day of March 2003, at 9:00 o'clock in the forenoon, to act upon
the following subjects:**

1. To see if the Northwood School District will vote to approve the cost items included in the Collective Bargaining Agreement reached between the Northwood School Board and the Northwood Teachers' Association NEA-NH which calls for the following increases in salaries and benefits:

<u>Year</u>	<u>Estimated Increases</u>
2003-2004	\$79,093.67
2004-2005	\$50,144.11

and to raise and appropriate the sum of **Seventy-nine Thousand ninety-three dollars and sixty-seven cents, (\$79,093.67)** for the 2003-2004 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staff levels paid in the prior fiscal year.

This appropriation is recommended by the School Board (Approved 4 - 0)
This appropriation is recommended by the Budget Committee (Approved 13 - 0)

2. Shall the Northwood School District, if Article #1 is defeated, authorize the governing body to call one special meeting, at its option, to address Article #1 cost items only?

This article is recommended by the School Board

3. To see if the Northwood School District will vote to raise and appropriate up to **twenty thousand dollars (\$20,000)** to be placed in the School District Capital Reserve Fund for the purpose of meeting the expenses of educating educationally handicapped children for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year end undesignated fund balance (surplus) available on July 1, 2003.

This appropriation is recommended by the School Board (Approved 4 - 0)
This appropriation is recommended by the Budget Committee (Approved 11 - 1)

4. To see if the Northwood School District will vote to raise and appropriate up to **ten thousand dollars (\$10,000)** to be placed in the School District Capital Reserve Fund for the purpose of financing any and all capital improvements to school buildings as well as all or part of the cost of new construction for the School District in accord with the provisions of RSA Ch. 35, with such amount to be funded from the year-end undesignated fund balance (surplus) available on July 1, 2003.

This appropriation is recommended by the School Board (Approved 4 - 0)
This appropriation is recommended by the Budget Committee (Approved 12 - 0)

5. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district officials and agents, and for

the payment of statutory obligations of the School District.

6. To see if the Northwood School District will vote to withdraw **eighty thousand dollars (\$80,000)** from the School District Special Education Capital Reserve Fund as a supplemental appropriation for the 2002-2003 school year, for the purpose of meeting the deficit expenses associated with the special education program in the 2002-2003 school budget for the Northwood School District.

This appropriation is recommended by the School Board (Approved 4 - 0)

This appropriation is recommended by the Budget Committee (Approved 12 - 0)

7. Whereas NH School Districts face ever tightening budgets; and Whereas NH School Districts are finding it increasingly difficult to raise and appropriate sufficient dollars on the local level to provide their students a quality education; and Whereas newly enacted and existing federal mandates have placed an undue and heavy financial burden on local school district budgets:

Be It Therefore Resolved: That the voters of the Northwood School District vigorously oppose any and all un-funded and under-funded federal educational mandates, including but not limited to, those contained in the recently enacted No Child Left Behind Law as well as those mandates historically un-funded within the IDEA/Special Education Laws.

This article is recommended by the School Board

8. To see if the Northwood School District will vote to accept the recommendation of the SAU Reorganization Committee not to withdraw from SAU #44.

9. To hear the reports of agents, auditors, committees, or officer's chosen and pass any vote relating thereto.

10. To choose agents and committees in relation to any subject embraced in this warrant.

11. To transact any other business which may legally come before this meeting.

Given under our hands at said Northwood this 17th day of February 2003.

Independent Auditor's Report

Superintendent's Report

Last year I used this report as an opportunity to outline the role and functions of the SAU. I also indicated that I would continue this general theme in subsequent years elaborating more on specific areas, perhaps as they relate to current issues. One such area is to keep the board and community informed of all pertinent matters and particularly those which may have broad-based and unanticipated effects on our districts fiscally and/or in the way we educate our children.

There is no doubt that the most current, and arguably the most critical issue, is the federal No Child Left Behind Act signed by President Bush in January 2002, and which is an unprecedented federal involvement in local education.

In brief, the substance of the act calls for increasing the achievement of all students through a comprehensive assessment system in English language arts, math and science, monitoring student achievement to determine if Adequate Yearly Progress (AYP) is being made, being accountable for student achievement and progress, and assuring that all students are taught by highly qualified teachers.

While these are noble and commendable goals with which few, if any, would argue, the details may well require a significant departure from the direction New Hampshire has taken with regard to assessment, certification and accountability and will almost certainly require a significantly increased per pupil expenditure of approximately \$500 per pupil based on initial estimates of the NH School Administrators Association.

To date, there are far more questions than answers. We are closely and continuously monitoring the implementation of this act in New Hampshire with the purpose of maintaining compliance without premature and possibly unwise changes, of anticipating undesirable effects on the education of our children, and of avoiding unanticipated expenses.

If anyone is interested in more information, please call the SAU office.

Respectfully Submitted,

Harry C. Fensom, Jr., Ed.D.

2002 Northwood School Principal's Report

The school opened this year to a beautifully renovated facility. The classroom wing of the new addition opened in January 2002. The renovated and expanded library is located in this wing. The remainder of the renovated areas became operational in the summer and the fall. This includes the new office area as well as the new gym. All of the new space is providing a wonderful setting for teaching and learning and significantly enhances the quality of our educational programs. Our students and staff very much appreciate what the community has given us. The entire school community deserves much credit for their patience and flexibility during the construction period.

We continue to examine and renew the school curricula. The New Hampshire Curriculum Framework Standards continue to serve as our "north star" in revising all curricula. The Mathematics curriculum was finished in May 2002 and is being implemented. New math materials and programs are being implemented as well. To compliment our own work the school is also receiving professional development help from the Impact Center at the University of New Hampshire. This is grant funded. Math consultants are working with our teachers by sharing ideas and the latest in mathematics research and techniques. This year, the major focus of curriculum renewal is Language Arts. A team is reviewing our current document and aligning it with the State Frameworks. The new courtyard entrance to the main office is beautifully decorated by ceramic tiles created by the seventh grade class through the Artist In Residence Program with artist Robert Rossel. The arts continue to play a major role in the lives of our students.

The Northwood PTA continues to support and serve the school in many ways. This year the PTA completed the addition of a new swing set and double slide to the primary age playground. The equipment was installed through the efforts of many volunteers and the generous support of several local businesses. Once again, our school has been selected to receive the New Hampshire Partners in Education Blue Ribbon Award because of the tremendous support that our community gives us through volunteerism.

On a personal note, I want to express my appreciation to the Northwood community for your tremendous support during my first year as Northwood School Principal. This year our theme is "Northwood Cares." I have sincerely felt that this year.

NORTHWOOD SCHOOL NURSE'S ANNUAL REPORT

The 2001-2002 school year was a transitional year due to the changes in location during construction. Despite the disruption, the office ran smoothly with all services continued. Head lice checks revealed students in need of treatment early in the year. Increased family education by the school nurse became part of the plan to help some students eradicate lice and nits sooner for a faster return to school. With the help of volunteer parents Ms. Small ran the fall vision and hearing screening on schedule with referrals as needed for services. The health office also worked on streamlining the supplies and paperwork of the office so that, during the move, the capabilities of the office remained the same. Ms. Nason and Ms. Bird worked on Red Ribbon activities during October to highlight drug resistance through appreciation of the fun, healthy activities that students enjoy. The nurse did periodic CO2 assessments to evaluate air turnover in the classrooms and submitted them to the school board.

Once in our new winter/spring location in Rm. 134, we continued business as usual. Dental education with free toothbrushes handed out to grades K-4 was a fun health unit that "Nurse Bird" taught. With Mr. Penney's help Nurse Bird did scoliosis screening, which found a handful of individuals needing medical supervision. The spring helmet order, sponsored by N. H. Safe Kids, once again had a large number of helmets ordered at a great price! Nurse Bird also had ten school employees taking the Red Cross CPR and First Aid class. Nurse Bird upgraded her instructor's certification to include the AED (defibrillator) training if/when one might be placed in the school. Thanks to parent assistance Nurse Bird also completed a MSDS manual (a poison management manual) to be used by the school and the fire department.

Heartfelt thanks to the teachers, administration, community, parents and family support to the health office. Thank you to Ms. Beryl Small, LNA, whose support to the nurse not only makes the office flow well but also helps make these extra assessment clinics and health projects possible.

Sincerely,

Kathy Bird, R. N.
