

1/20/21 Safety Facilities Strategy Committee ZOOM meeting

In attendance: Beth Boudreau, Elaine St Jean, Bob Young, Glen Drolet, Mark Morrill, Mike Moore, Joe McCaffery

First draft of the safety facility video was sent out to all committee members prior to the meeting for them to view.

Discussion of the "next steps" followed:

- Not a lot of focus on Narrows station
- Some voters may not know how many fire stations we have
- Add location text boxes
- Possibly adding some of the drone footage
- Voters guide
- Accessibility to the voters to view
- Add to town website
- Facebook
- Cable access channel
- Town YouTube
- Show at deliberation meeting

A huge thank you to Elaine for guiding us through this process! Hopefully the community will also see the need for us to begin this project by voting yes on land acquisition and development.
