

Business Directory

2016

Compiled by:
The Town of Northwood
Economic Development Committee

***The Town of Northwood
Economic Development Committee***

The goal of the Northwood Economic Development Committee is to improve the economic viability of our community by:

1. Facilitating the creation and retention of jobs within the town
2. Improving the town’s tax base to help sustain our municipal and educational services at a reasonable tax rate
3. Promoting Northwood as a good place to live, work and do business

The EDC works to implement projects conceived and developed throughout the year. The project list is expected to evolve and change with the town and its business climate. We strive to have projects that align with the Town’s Master Plan. This Business Directory is an example of the type of project the EDC implements.

If you have other ideas for EDC projects, please join us at our monthly meeting which is held on the first Wednesday of every month at 7 PM in the town hall or contact a member of the EDC.
